HUERTA ADDRESSES THE DIPLOMATS

In Formal Note He Announces That He Will Not Accept Constitutional Presidency

HE IS IMPEDED FROM BEING VALIDLY ELECTED

Will Not Take Into Consideration the Vote Cast For Him at Recent Election Nor Any Resolution of Congress Along That Line-President Wilson Devotes Sunday to the Mexican Problem-Situation Near the Breaking Point.

Mexico City, Nov. 5.-In a formal or persons to establish a government note to the foreign diplomats, General in his place. forts he has made to pacify the country, and dwelling at length upon his reasons for dissolving congress. makes the direct statement that the newly elected congress will be installed within a few days and will pass upon the elections of the president

and vice president General Buerta reminds the diplothem that neither he nor General Blanquet would accept an election on the ground that his own election would be illegal, and he calls to the attenion of the diplomatic representatives the conference which he had with the presidential candidates, at which he secured their promise to abide by the of the elections, even should no one obtain the necessary number of

To Guarantee Efficacy of New Elections.

"Now, in view of the fact according to the reports which the government has received," continues the that there exists an earnest presumption that because it has been impossi-ble to carry on voting in the number of pelling places prescribed by laws, the elections fail to be considered a people, and because it is foreseen that said presidential elections will be dechared null, the executive wishes to make known once more to the country and to the whole world that in accord with this determination he shall contings exerting himself for the pacification of the country, in order to be able to guarantee absolute freedom and eflency of the new elections, which congress must call as a necessary conse Quence of that declaration.

Will Not Accept Presidency.

In the same manner he wishes to friends and those outside the republic that, being regardful of the law, and persuaded that by virtue of his having occupied the post of president of the republic while the elections were being held, he considers himself constitutionally impeded from being validly elected, and he will on no account take into consideration the vote which may have been cast in his favor, and no matter what may be the resolution of congress he will not accept in this case the constitutional presidency of

Relies on Promises of Candidates.

"He relies as president on the soletun promise of the honorable citizens who figured as candidates for the presidency and vice presidency, and who represent all the political parties of the republic, and is sure that per-fect harmony will reign between the three powers of the union and that governments of the world will recommend without exception that only the present government can call new elecus and guarantee their freedom and

which the period which congress shall tions between this country and the designate his sacred duty, consulting United States are strained almost to the national desire to consecrate by the breaking point, but there is perthe suffrage of the people the executive haps no man in the entire republic who is to rule definitely the destinies who knows tonight what Washington method of restoring order. It is pointof the country. Otherwise the realiza- will do tomorrow, tion of the executive's programme John Lind himself, who represents cause would almost certainly mean would not be possible within a long the president of the United States, is the subjection of Mexico City to a period of time.

Peace and Legality. dis programme consists of peace and legality, which are the only medium in which elections in which may come an expression of the free popular will and in which the individual native antees. Under such conditions can the economic developments in the republic permit all social classes to gather the truits of their labor and the product

WILSON'S BUSY SUNDAY. President Spends Day at His Desk on Maxican Problem.

neurl circtom of banishing official busiworked practically the whole day on the Mexican problem. He did not go church, remaining indoors during forenoon. Later he summoned Senators Borah and McComber, repuban members of the senate foreign tions committee, and spent nearly to hours with them in a general discussion of the situation. Tonight the resident conferred at length with

ecretary Bryan. From the way the president's callers talked, the situation is rapidly approaching a climax, and some deligite fevelopments are expected immediateto the diplomatic carbs last night has been received, nor had the formal reresign arrived. That the United States had given Huerta until garded as logical that Washington temorrow night to reply before making perhaps tomorrow will furnish vital the pext move was the general belief In official circles.

The Next Step.

The next step, in the view of some of those who have talked with the president within the last two days, since he began summoning members of the senate foreign relations committee-probably will be an announcement by the United States not only reiterating its refusal to recognize the Huerta government but making it clear to the world that it also shall refuse to recognize any acts of the pew congress soon to be convened by pew congress soon to be convened by The Washington government, it is understood will not undertake to made last week. guarantee any business of commercial sent as to what Washington's attiwill in all probability stand by any that will be now. It is thought that President Wilson legally constituted government which it is thought that president Wilson

declined to talk of what the president had told them in their conference to-day, but they expressed their own views later. Senator Borah told the legal or otherwise.
